

Dear Students,

Due to the continued spread of COVID-19 Iowa Western has made the difficult decision to temporarily suspend all face-to-face lab and clinical experiences when classes resume March 30. The decision was made in an effort to limit the possible viral exposure to our students, faculty and staff.

All college classes will resume March 30 as planned in an online learning environment. The suspension of face-to-face lab and clinical experiences will be in effect until April 13.

The Office of Residence Life will be sending housing students an important update regarding on campus housing changes this afternoon via email.

The college administration will continue to monitor the COVID-19 situation closely and will respond to information in a manner focused on keeping all parties safe. Please watch your email for future announcements.

Regards,

Dr. Marjorie Welch
Vice-President of Academic Affairs
