Any student living on campus as well as students in Pottawattamie, Harrison, Mills, Shelby, Cass, Montgomery, Fremont or Page counties can dial 2-1-1 and access a resource and referral specialist that can assist them in getting the help appropriate to their crisis or personal situation. 2-1-1 is in operation 24 hours a day, every day of the year. The system also provides translation service for those whose first language is not English. All calls are strictly confidential and can help in the case of any crisis situation in which you feel you need help or advice. 2-1-1 is also available online at the following web site:  http://211iowa.org/

ULifeline – http://www.ULifeline.org
Offers students a mental health screening tool, information about mental health issues geared toward you, and resources for learning more and getting help.

CountyConnection.org – http://www.countyconnection.org
Provides current, online information about human service and health resources available to the residents of Pottawattamie County.

Vocational Rehabilitation Services
Students who have a physical, emotional, and or learning disability may be eligible for services through Iowa Vocational Rehabilitation. Services include medical and psychological assessment, counseling and guidance, testing, adaptive equipment or devices, occupational tools and equipment and job placement. Availability of financial aid is determined on a case by case basis.

TIMELY WARNINGS
In the event that a situation arises that, in the judgment of campus administrators, constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. The warning will be issued through the college e-mail and online system to students, faculty, and staff. Depending on the particular circumstances of the crime and especially in situations that could pose an immediate threat to the community or individuals, a notice may be sent via the college “Reiver Alert” system, placed on the campus-wide television monitor system, and notices may be posted in campus facilities.

CAMPUS EMERGENCIES
In the case of an emergency requiring rescue response, please call 911. All campus emergencies should also be reported to Campus Security by calling (402) 659-4939 or 8000 from any campus phone. The Campus Security cell phone (402) 659-4939 does have text messaging capability for students who need this feature to report a crime or emergency. Reporting an emergency to campus security will ensure that emergency responders will be directed to the correct location when they arrive on campus.  Emergencies that occur in Residence Life should be reported to Residence Life staff by contacting the appropriate facility front desk:

Reiver Suites I:  (712) 388-7696
Reiver Suites II:  (712) 388-7695

**EVACUATION PROCEDURES FOR STUDENTS WITH DISABILITIES**

In case of emergency situations we encourage students who might need assistance to identify and discuss, in advance, a plan of action with someone who might assist them in leaving the building and/or who will inform emergency personnel/campus security of their presence and where they are located so that further assistance can be provided.

All students with physical mobility limitations should prepare for an emergency ahead of time by instructing faculty and classmates on how to assist in an emergency. Instructors who have students in their classes who might have problems leaving the building during emergencies should discuss procedures ahead of time.

Hearing or visually impaired persons working alone in isolated areas such as study rooms and labs should notify nearby building staff of their location. For more information, email DisabilityServices@iwcc.edu or call (712) 325-3299.

**ACCESS TO CAMPUS FACILITIES**

The college retains authority to conduct routine patrols of the parking lots which may include the use of a detection dog. Students are expected to check their IWCC email account regularly to receive critical information concerning their courses, their financial aid status, and their academic progress, as well as other important communication from the college. Faculty members do have the right to prohibit the use of any electronic device in their classroom.
VIDEO SURVEILLANCE

The College utilizes video surveillance systems to enhance the safety and security of students, employees, visitors, and property. The college will protect the reasonable expectation of privacy of the campus community, as defined by law, in its use of video surveillance systems. The primary use of video surveillance systems will be to record information that may be useful to college administrators in the event of a criminal act, property damage, or serious violation of campus policy. Video surveillance systems are not a guarantee of safety and security but are a tool to assist Campus Safety and Security, as well as college administrators, in their efforts to provide a safe and secure environment. Video surveillance also serves as a deterrent to property-related crime and provides real-time information during emergencies. The utilization of surveillance cameras is part of an integrated security approach that includes a number of strategies, including physical presence of security officers, access controls, and alarms.

MONITORING AND ACCESSING VIDEO SURVEILLANCE RECORDINGS

Video surveillance shall be used exclusively for purposes of campus safety and asset protection. Real-time monitoring will be limited to situations where an emergency requires the use of the system to gather needed information, when a threat to campus security or property has been received by campus officials, or when Campus Safety and Security staff determines there is a need to scan campus property in lieu of vehicular or foot patrol. Maintaining confidentiality and securing the privacy of campus community members and visitors is foremost in our practice. Therefore, only a limited number of staff members have access and authority to access, monitor, view, and make copies of footage. Such authority will be granted to employees by Cabinet.

Recordings shall be viewed exclusively for the purpose of investigation of crime or serious campus policy violations and adjudication. Staff members must report all observed policy violations, misconduct, and potential criminal acts to Student Life and Student Success for investigation, adjudication, and inclusion in the Campus Crime Log. Video surveillance shall not be used to track any member of the campus community unless a threat to campus security has been received by college officials, or reasonable cause exists that a serious violation of campus policy or that a criminal act has been committed.

RELEASE OF VIDEO SURVEILLANCE RECORDINGS

Only authorized staff members may access and monitor video surveillance; however, occasions may arise when circumstances demand that other staff members have a legitimate need to view recorded data. Such staff members will be permitted to view footage only with the prior approval of the Director of Safety and Security and a college vice president. Circumstances that may warrant a review of footage shall be limited to instances where an incident has been reported or observed, or for investigation of a potential crime. A request to review recorded footage must be submitted and approved in writing.

Requests from any college employee to obtain a copy of recorded data must be authorized by the Director of Campus Safety and Security and a college vice president. All external requests for the release of recorded data must also be submitted to the Director of Campus Safety and Security for approval prior to release. Recorded data may be released when it is related to a criminal investigation, civil suit, subpoena or court order, arrest, or to disciplinary proceedings against a student or personnel actions against an employee.
SECURITY AND RETENTION OF VIDEO SURVEILLANCE RECORDINGS
Video recordings will be stored and transported in a manner that provides security. All recordings shall be kept in a secure location. Recordings not related to or used for investigative purposes shall be kept confidential and destroyed regularly in accordance with prevailing records retention law. All recordings used for an investigation or prosecution will be retained until the end of the proceeding and appeal period unless directed otherwise by the civil court or senior campus administrator.

ADMINISTRATIVE WITHDRAWAL FOR VIOLATIONS OF THE STUDENT CODE OF CONDUCT
Students who violate the student code of conduct are subject to disciplinary sanctions, including but not limited to administrative withdrawal from a single class or multiple classes, as well as the imposition of registration restrictions at the course, discipline, or program level. Registration restrictions may also limit students’ access to register for classes based on the course delivery method.

Students who are administratively withdrawn for violations of the student code of conduct will be notified in writing by the appropriate Dean. Communication regarding sanctions that are a result of a students’ academic misconduct will come from the Academic Division Dean. Communication regarding all other sanctions will come from the Dean of Student Life and Student Success. Such communication will detail the disciplinary sanction, including any registration restrictions, as well as the duration of the restriction(s), and it will be sent to the students’ college email account.

Students who are administratively withdrawn for violations of the student code of conduct will receive a grade of “W” for that class or for those classes, which will display on their transcript. Students who are administratively withdrawn for violations of the student code of conduct will be charged full tuition and fees for the classes from which they were administratively withdrawn. Eligibility to register for classes in subsequent terms and sessions will depend on the violation. Students who have been sanctioned with a registration restriction will have a registration hold placed on their account, and they will be required to register for classes through the Records and Registration Office after meeting with their assigned advisor or designated college official. Students who are eligible to register for classes in subsequent terms or sessions may do so after paying their balance in full. Some students will not be eligible to register for classes in subsequent terms and sessions.

LEGAL INTERROGATION OF STUDENTS BY LAW ENFORCEMENT OFFICIALS
Law enforcement officials shall not be refused the right to question a student at the College, provided that the student is informed of his legal rights by the officer conducting the investigation. No other person shall question students without the approval of the president of the College or his/he representative and the consent of the student, unless such person possesses a court order.

Just as importantly, each person has the responsibility to live with the consequences of his or her decision-making.

Students have rights under the United States Constitution which may be exercised in the College as in other public institutions. The law recognizes that these rights are subject to restraints that may be imposed because of the College’s role and function. It is the policy of the Board of Trustees of Iowa Western Community College to respect the properly exercised rights of the students. The Student Code of Conduct, Disciplinary and Appeals Procedures, describes misconduct that is inconsistent with the essential values of Iowa Western Community College. It lists procedures to respond to such behaviors, and it provides for sanctions that are intended to educate and to safeguard members of the College community. If you have any questions about the Student Code of Conduct, Disciplinary and Appeal Procedures, please contact the Office of Student Life and Student Success.

In addition, all students are expected to conduct themselves in such a manner as to show respect for properly constituted authority, exhibit and maintain integrity and honor in all matters related to the College and not interfere with or disrupt the orderly educational process of the College.

Institutional Regulations
The Board of Directors of Iowa Western Community College confers upon the faculty and staff the powers:

1. To invoke sanctions to protect the educational processes and the rights of students, faculty, and staff.
2. To provide procedures that will clearly inform Iowa Western Community College students of the regulations that govern their behavior while on college property, at cooperating agencies, or while in attendance at college sponsored activities or events.

Jurisdiction of Student Conduct Policy
The Student Conduct, Disciplinary and Appeals Procedure applies to conduct that occurs on IWCC College Property, at IWCC sponsored activities at clinical sites, within the online learning environment, attendance centers, or any College facility, and off-campus conduct that adversely affects the IWCC community and/or the pursuit of its educational mission. This includes conduct that may occur before classes begin or after classes end, as well as during the academic year and during periods between terms and actual enrollment. The Student Conduct Policy, Disciplinary and Appeals Procedure shall apply to a student’s conduct even if the student withdraws from school while a disciplinary matter is pending. The Dean of Student Life and Student Success, or designee, shall decide whether the Student Conduct, Disciplinary and Appeals Procedure shall be applied to conduct occurring off-campus on a case by case basis.
Individuals enrolled solely as Continuing Education students are expected to uphold the standards of behavior outlined in this Code of Conduct. Additional guidelines for behavior may be provided by Continuing Education. Individuals who violate these standards are subject to action at the discretion of the Vice President of Economic and Workforce Development or designee. Action may include restricting and/or dismissing students from the Continuing Education programs or activities.

**Violation of Law and College Discipline**

College disciplinary proceedings may proceed against a student accused of conduct that potentially violates both criminal law and this Student Code of Conduct (that is, if both possible violations result from the same factual situation) without regard to any pending civil or criminal legal action. Proceedings under the Student Code of Conduct may be carried out prior to, simultaneously with, or following civil or criminal proceedings off campus. Determinations made or sanctions imposed under this Student Code of Conduct will not be subject to change due to the outcome of any legal outcome arising out of the same facts giving rise to violation of college rules were dismissed, reduced, or resolved in favor of or against the criminal law defendant.

When a student is charged by federal, state, or local authorities with a violation of law, the college will not request or agree to special consideration for that individual because of his or her status as a student. If an incident is also being processed under the Student Code of Conduct, the college may advise off-campus authorities of the existence of the Student Code of Conduct and of how incidents are typically handled within the college community. The college will attempt to cooperate with law enforcement and other agencies in the enforcement of criminal law on campus and in the conditions imposed by criminal courts for the rehabilitation of student violators (provided that the conditions do not conflict with campus rules or sanctions). Individual students and other members of the college community, acting in their personal capacities, remain free to interact with governmental representatives as they deem appropriate.

**A. Student Code of Conduct**

Students are expected to comply with all Board, Administrative and Faculty policies on the College campus, and at all activities, functions and events sponsored or supervised by the College. Conduct which is contrary to any of the following may subject the student to disciplinary action and shall constitute a violation. Students who allegedly violate the Code will be found responsible or not responsible for their actions based off of the Preponderance of Evidence Rule, which indicates that the College personnel determining the outcome must be 51% positive that their decision is correct and justified. B. Disciplinary Procedures
Disciplinary Procedures are designed to provide consistency with how violations of the Code of Conduct and other policies are approached. The Board of Directors of Iowa Western Community College encourages students, faculty and staff to resolve disputes informally in appropriate cases. When a case of student misconduct is being investigated, the following procedures are put in motion.

1. **Notice to Appear**
   Depending on the nature of the complaint a student may be ordered to appear before a conduct officer, Coordinator, Director, Dean, Vice President, or designee, in connection with an alleged violation, by a written notice from the individual they are requested to appear before. An email sent to a student’s Iowa Western email account can serve as written notice.

   The notice shall direct the student to appear at a specified time and place not less than twenty-four (24) hours after the date and time of written notice, or the notice will request the student schedule a time to meet with the sender by a specific date; forum depends on the severity of the alleged violation. The notice shall briefly describe the alleged violation.

   Failure to comply with a Notice to Appear constitutes a violation of the Student Code of Conduct and may result in additional disciplinary sanctions. If the student has not contacted the individual who requested the meeting, and/or does not appear at the meeting, the conduct officer, or designee, may make a decision of responsibility or non-responsibility and the sanction.

2. **Conduct Process**
   When the student appears for his or her meeting, he or she will have the opportunity to ask questions and to discuss the violation from their perspective. After completing discussion and any other process of the investigation of the charge, the designated college personnel shall provide the student with a written statement within seven (7) school days from meeting date, which states the following:

   - The nature of the violation.
   - The sanction that will be imposed and its implications.
   - The right to appeal the decision according to the procedures listed in the Student Code of Conduct.

   Any findings made through a conduct hearing are based off the Preponderance of Evidence Rule. This means that the individual(s) deciding whether the student is responsible or not responsible must be 51% positive that their decision is correct and justified.

3. **Advisors or Legal Counsel Representing Students in Academic or Disciplinary Hearings**
Iowa Western Community College is making this statement available to advisors and legal counsel who have been retained by students charged with violations of the Code of the College so that the roles and purposes of these proceedings will be clear to all participants. Please note two advisors are permitted for the accused student.

The conduct meetings conducted by conduct officers, or designees, are not quasi-judicial proceedings. Therefore, advisors/counsel may be present to advise clients but may not actively participate in conduct meetings. Advisors/counsel may not answer questions posed to the charged student on their behalf. The role of the attorney is to advise and assist his/her client student. The conduct officer, or designee, will determine whether offered evidence is admissible, but the Rules of Evidence will not be applied. Both written and oral testimony may be used. The standard for admission of evidence is that “which reasonable prudent persons are accustomed to rely on in the conduct of their serious affairs.” Determination standard is preponderance of the evidence. Students who are involved in these conduct meetings will be provided with the complete policy and procedure statement of the College.

4. Sanctions
Any student who is found responsible for violating the Code of Conduct or other policies may be subject to any of the sanctions listed below. Sanctions are given as a method of remedying any Code of Conduct violation while also educating the student.

- **Reprimand:** Written censure by the College. This written warning serves to remind the student that further violation of the Code of Conduct may result in more serious sanctions.

- **Academic Penalty:** Depending on the seriousness of the offense, the student may receive an “F” or a numerical value of zero on the subject paper, test, assignment, etc., an “F” in the course, or suspension or expulsion from the College.

- **Restitution or Fine:** Restitution is a reimbursement for damage to or misappropriation of Iowa Western Community College property. Written notice will be sent to the student requiring restitution when the student has damaged or misappropriated Iowa Western Community College property. Reimbursement may take the form of appropriate service to repair or otherwise compensate for damages. A fine is a punitive charge placed on the student’s account as a sanction not necessarily directly connected to any damage or misappropriation of property.

- **Disciplinary Probation:** A warning indicating that further violations may result in more severe sanctions such as suspension. Disciplinary probation may be imposed for any length of time up to two years and the student
shall be automatically removed from probation when the imposed period expires.

- **Education or Service:** Assignment of educational or community/college service opportunities, classes, or projects. If there are fees or costs associated with the assigned educational or service sanction, the student may be required to pay those fees or costs.

- **Suspension of Rights or Privileges:** An elastic penalty which may impose limitations or restrictions to fit the particular case. Examples include No Contact Orders, Building Ban, and etc.

- **Hold on Records and Registration:** Imposed upon a student who fails to pay a debt owed to the College or who has a disciplinary case pending final disposition. The penalty terminates on payments of the debt or final disposition of the case.

- **Eviction:** Eviction from the privilege of living in campus housing facilities may also include restrictions or denial of visiting privileges.

- **Suspension from the College:** Suspension can be imposed in such a manner that a student can be dismissed from a class, specific number of classes, program, classes that take place in a specific physical location, student organization, or activity of the College. The privilege of readmission may depend on the fulfillment of certain conditions imposed by the College and/or the program. A suspended student may be prohibited from appearing on campus, at attendance centers, at off-campus classes, or at any activity sponsored by the College.

- **Expulsion from the College:** Once expelled from the College the student may not at any time be considered for readmission.

5. **Interim Suspension**

The Vice President of Student Services, Vice President of Academic Affairs, the appropriate Dean or Associate Dean, the Director of Residence Life, or designee, shall have the authority to immediately suspend any student on a temporary basis, when in the opinion of any of these officials:

1. The student is alleged to have violated any provision of the Student Code of Conduct.
2. The presence of the student poses a continuing danger to persons and/or property, and/or who is an ongoing threat of disrupting the academic process.
A temporary suspension can include suspension from a class, a specific number of classes, a program, classes that take place in a specific physical location, an activity, athletic participation, housing facility, or the College.

A temporary suspension shall be followed by appropriate notice and a meeting with appropriate staff member as soon as possible. Depending upon the circumstances, the temporary suspension may be continued until the completion of these procedures. Please note, the Interim Suspension Policy, includes immediate eviction from a housing facility.

6. **Disciplinary Removal**
The Vice President of Student Services, Vice President of Academic Affairs, or appropriate Dean or Associate Dean, or designee, may enact immediate temporary removal of a student from a class, office, attendance center, clinical site, or other IWCC related facility for disciplinary and safety reasons. These include, but are not limited to:

- Any attempt to threaten by words or actions which causes concern for the health and safety of others.
- Possession, use, manufacturing, distribution, or in the presence of alcohol, illegal drugs, synthetic substances and other controlled substances on the IWCC campus.
- Destruction or theft of college property or another person’s personal property.
- Any activities causing a major disruption or disturbance.

C. **Appeal Procedures**
A student who receives a sanction under the Student Code of Conduct may request, in writing, within three (3) business days of the sanctions being given, that the charge be reviewed a second time through the process of an appeal. The name and contact information of the appeal officer will be included in the original sanction letter.

The student’s written request should include a full description of the reason(s) for the appeal (see grounds for appeal below) and all pertinent information the student wishes to present to support the appeal, as the appealing student is not guaranteed an in-person meeting with the appeals officer.

Grounds for appeals include:

- The student’s due process rights were substantially violated in the hearing process.
- There was not substantial evidence to support the decisions reached.
- There is new material evidence that could not have been discovered at the time of the hearing.
- The sanctions imposed were too severe or not appropriate for the violation.
The appeals officer shall initiate a review of the appeal and issue a written decision to the student, within seven (7) business days from receiving the appeal request. The appeals officer may either:

- Dismiss the allegation as unfounded.
- Modify the sanction given.
- Agree with the sanction imposed.

If the appeals officer is unable to come to a decision regarding the appeal a rehearing will be requested to ensure a fair and complete process.

(Traffic and parking sanctions may only be appealed through the Parking Violation Appeal Process. See the IWCC and Parking Regulations for information regarding the Traffic and Parking Violation Appeal Process.)

D. Sexual Misconduct Policies and Procedures
Members of Iowa Western Community College, guests and visitors have the right to be free of gender and sex-based discrimination, which will be referred to as Sexual Misconduct for the purposes of this document. Iowa Western Community College is committed to having a positive learning and working environment for its students and employees and will not tolerate Sexual Misconduct. It is the policy of Iowa Western Community College to comply with Iowa Code Chapters 708 and 709 of the Title XVI Criminal Laws and Procedures and with Title IX of the Educational Amendments of 1972.

Iowa Western Community College conducts a number of programs aimed at preventing sexual misconduct and making the community aware of the potential of such crimes. These programs include providing nightly security patrols of the campus, providing security escorts, inspecting the campus for potentially dangerous areas, and inspecting campus lighting and shrubbery. In addition, educational programs focused on sexual misconduct prevention, protection and awareness are provided throughout each academic year.

As used henceforth in this document, the following terms and their prescribed meanings apply:

- Reporting Party: the individual(s) who has made the report of Sexual Misconduct.
- Responding Party: the individual(s) who the report of Sexual Misconduct is filed against.

The following sections discuss Iowa Western Community College’s expectations, policies and procedures concerning Sexual Misconduct. Any student engaging in behavior or actions that are considered Sexual Misconduct is subject to disciplinary action. Reports of Sexual Misconduct are investigated by a trained Title IX Investigator, with the supervision of the Title IX Coordinator.

1. Sexual Misconduct
Sexual Misconduct is a broad term encompassing any behavior of a sexual nature that is non-consensual, committed by force or intimidation, or that is otherwise unwelcome. The term includes sexual assault, sexual exploitation, stalking, sexual harassment and intimate partner violence, as those behaviors are described later in this section.

Sexual acts or behavior of any kind require that all participants give Affirmative Consent. Affirmative Consent is defined as an affirmative agreement through clear actions or words to engage in each specific sexual activity. The person giving the Affirmative Consent must act freely, voluntarily, and with an understanding of his or her actions when giving the Affirmative Consent. Lack of protest or resistance does not constitute Affirmative Consent, nor does silence mean Affirmative Consent has been given. Relying solely on non-verbal communication can lead to a misunderstanding, which may then result in a violation of the Sexual Misconduct policies. Persons who want to engage in the sexual activity are responsible for obtaining Affirmative Consent; it should never be assumed. A prior relationship or prior sexual activity is not sufficient to demonstrate Affirmative Consent.

Affirmative Consent must be present throughout the sexual activity and can be withdrawn at any time during which the sexual activity is taking place. Additionally, Affirmative Consent to one type of sexual activity is not sufficient to demonstrate Affirmative Consent to all sexual activities. If there is confusion as to whether anyone has given Affirmative Consent or continues to give Affirmative Consent to sexual activity, it is essential that the participants stop the activity until the confusion can be clearly resolved.

In addition, under Iowa law the following people are unable to give Affirmative Consent:

- Persons who are asleep or unconscious.
- Persons who are impaired due to the influence of drugs, alcohol, or medication.
- Persons who are unable to communicate consent due to a mental or physical condition.
- Generally, minors under the age of 16.

Sexual Misconduct may vary in its severity and consists of a range of behavior or attempted behavior. It can occur between strangers or acquaintances, including people involved in an intimate or sexual relationship. Sexual Misconduct can occur between members of the same or opposite sex and can also occur while individuals are fully clothed. Sexual misconduct includes, but is not limited to, the following examples of prohibited conduct:

1.1 Sexual Assault

Sexual assault is an extreme form of sexual misconduct and represents a range of actions from forcible rape to nonphysical forms of pressure that compel individuals to engage in sexual activity against their will. In Iowa, the terms "rape" and "sexual assault" fall under the legal definition of "sexual abuse," which includes any sex act done by force or against the will of another. Examples of sexual assault under this policy include, but are not limited to the following:
• Any sexual intercourse, however slight and with any object, by a person upon another person, without consent and/or by force.
• Any intentional sexual touching, however slight and with any object, by a person upon another person, what it without consent and/or by force.

1.2 Sexual Exploitation
Sexual exploitation involves taking non-consensual sexual advantage of another person. Examples can include, but are not limited to the following:

• Electronic recording, photographing, or transmitting intimate or sexual utterances, sounds, or images without knowledge and consent of all parties.
• Voyeurism (sexual interest in spying on others).
• Distributing intimate or sexual information about another person without consent.

1.3 Stalking
Stalking involves any course of conduct directed at a specific person that would cause a reasonable person to fear for her, his, or others’ safety, or to suffer substantial emotional distress. This includes but is not limited to the following: intentionally following another person, cyber-stalking (repeatedly making attempts to connect online even after being denied the connection) or threatening via e-mail, social media, text message, or other electronic communications.

1.4 Sexual Harassment
Sexual harassment can include unwelcome behavior (verbal, written, or physical) that is directed at someone because of that person's sex or gender. Examples of sexual harassment include but are not limited to:

• Submission or consent to the behavior is believed to carry consequences for the student's education or employment.
• The behavior has the purpose or effect of substantially interfering with the student's education or employment by creating an intimidating, hostile, or demeaning environment. This type of behavior must be sufficiently severe, persistent or pervasive.

Determination as to whether the alleged conduct constitutes sexual harassment should take into consideration all of the circumstances, including the context in which the alleged incidents occurred.

1.5 Intimate Partner Violence
Intimate Partner Violence is defined as violence or abuse between those in an intimate relationship to each other. Examples include but are not limited to:

• A boyfriend shoves his girlfriend into a wall upon seeing her talking to a male friend. This physical assault based in jealousy is a violation of the Intimate Partner Violence policy.
• An ex-girlfriend shames her female partner, threatening to out her as a lesbian if she doesn’t give the ex another chance. Psychological abuse is a form of Intimate Partner Violence.

• A boyfriend refuses to wear a condom and forces his girlfriend to take hormonal birth control though it makes her ill, in order to prevent pregnancy.

• Married employees are witnessed in the parking garage, with one partner slapping and scratching the other in the midst of an argument.

2. Privacy and Confidentiality
The survivor of Sexual Misconduct has the option to, or not to, notify and seek assistance from law enforcement and College personnel, and will not face retaliation for either decision. The College encourages the reporting of all incidents of Sexual Misconduct. To the extent possible, the College will protect the privacy of all parties to a report of Sexual Misconduct.

If the College receives a report of Sexual Misconduct, it will be treated in a confidential manner. At the same time, information will be shared as necessary over the course of an investigation friend and the Responding Party. When the College, through a report to College personnel, becomes aware of an incident of Sexual Misconduct that occurred on-campus and there is a potential for bodily harm or danger to members of the campus community, College administrators must issue a timely warning to the campus. While the College will provide enough information to safeguard the campus community, a survivor student’s name or other personally identifying information will not be disclosed.

The College does not file police reports on behalf of the Reporting Party(s), Responding Party(s), or survivors(s). It is up to each individual student to determine whether or not they would like to involve the police. The College does encourage students to file police reports for incidents of sexual offenses so that the full extent of the law may be exercised.

3. Mandated Reporting
Under federal law, if a student makes a report about Sexual Misconduct to a College personnel (e.g., officials within Student Services, Deans, Campus Security, Faculty members, etc.), the College has an obligation to investigate the complaint. If a student wanted to make an anonymous complaint to College personnel, they would need to seek out the Mental Health Practitioner. That is the only employee on this College campus who is able to report the incident to the Title IX Coordinators without releasing the name(s) of the individual(s) who made the initial report. If a student would like to make a confidential report that will not lead to an investigation, they should seek advocate resources off-campus. For referrals to off-campus resources, students can contact the Mental Health Practitioner.

4. Community Support Services
Iowa Western Community College encourages students who are the survivor of sexual misconduct to seek medical and counseling services. Survivors may contact Iowa Western’s Mental Health Practitioner located in Ashley Hall, 170, or by calling (712) 256-8057 or emailing studentoutreach@iwcc.edu. The Mental Health Practitioner can provide short term support and refer survivors to outside agencies that can provide additional counseling and resources.

5. How to Report Sexual Misconduct
Iowa Western Community College encourages students to report all incidents of Sexual Misconduct to the police. A guiding principal in the reporting of sexual offenses is to avoid re-victimizing the sexual offense survivor by forcing the person into any plan of action. Survivors of sexual offenses may contact any one of several College departments or community services for assistance. The following resources provide immediate aid or on-going consultation for survivors of sexual offenses:

6. **Sexual Misconduct Investigation Procedure**

All reported offenses of Sexual Misconduct will be processed through the College’s investigation procedures, which are discussed in detail below.

6.1 **Investigation Time Frame**

Investigations vary depending on the nature of the alleged sexual misconduct, but will not last longer than 60 business days unless there are extenuating circumstances, such as College breaks.

6.2 **Assigning an Investigator**

The Director of Student Conduct and Intervention will be the lead for all Title IX investigations, unless they need to recuse themselves to prevent any kind of bias from influencing the investigation. If the Director of Student Conduct and Intervention is recused, the Title IX Coordinator will assign a different trained Title IX investigator.

6.3 **Notice to Appear**

A written notice of the investigation, allegations against the Responding Party and a request to be interviewed will be sent to both the Reporting Party and Responding Party. Written requests to be interviewed will also be sent to any witnesses identified throughout the investigation.

6.4 **Cooperation**

All College personnel are required to cooperate with the Sexual Misconduct investigation process. Students identified as having involvement with the investigation process do not have to participate, but are still expected to abide by the Retaliation policy.
6.5 Interview
Interviews will be conducted by the lead investigator and will be recorded to assist with accuracy when transcribing the interview into a written document. At the beginning of all interviews the lead investigator will explain Sexual Misconduct investigation process, including the confidentiality and retaliation policies. Questions asked of the interviewees will vary, but should be focused on determining the truth and gathering of evidence.

6.6 Standard of Review
The College uses the Preponderance of Evidence Rule to resolve complaints of Sexual Misconduct, which indicates that the College personnel determining the outcome must be 51% positive that their decision is correct and justified.

6.7 Review of Evidence
Any evidence that is brought forward throughout the investigation, including witnesses, will be reviewed by the lead investigator. Evidence that is seen as pertinent to the investigation will be considered as a determining factor. The lead investigator does retain the ability to determine whether or not evidence presented is relevant to the investigation.

The College strongly encourages survivors to preserve evidence, even if he or she is not sure a report to police or College administration personnel will be made. Evidence might include clothing, bed sheets, text messages, social media interaction, or other items or communication related to the sexual misconduct. Physical items can be placed into plastic or paper bags for storage and electronic records such as texts or emails can be saved or captured via screenshot.

6.8 Notice of Findings
A notice of the findings will be sent to the Reporting Party and Responding Party upon the completion of the investigation. This notice will inform the Reporting Party and Responding Party of the decision made, highlight the important factors in why the decision was made, and detail out any sanctions that may be assigned. All notices will also include information regarding the appeals procedure.

7. Appeals
Sanction(s) will be implemented and remain in effect during the appeal process. Appeals may be made only on the following grounds and only within three (3) business days of receipt of the decision regarding sanction(s):

- The student’s due process rights were substantially violated in the hearing process.
- There was not substantial evidence to support the decisions reached.
- There is new material evidence that could not have been discovered at the time of the hearing.
- The sanctions imposed were too severe or not appropriate for the violation.
The sanction(s) may be appealed by either the Reporting Party or the Responding party on the grounds listed above, in writing, to the Vice President of Student Services, who will then submit the appeal to the Appeals Board.

Both the Reporting Party and Responding Party shall receive the appeal decision in writing within seven business days after the appeal has been submitted.

The Appeals Board may:

- Dismiss the allegation as unfounded.
- Modify the sanction given.
- Agree with the sanction imposed.
- Request a formal Appeals Board hearing for disposition of the charge in the event the Appeals Board is unable to come to a consensus based on the written appeal and final report alone.

8. **Accommodations and Safety Measures**

To ensure the safety of the Reporting Party and Responding Party throughout the Sexual Misconduct Investigation and Appeals Procedures, the College will take steps to provide accommodations and safety measures when necessary. Appropriate actions may include but are not limited to:

- Housing reassignments
- Class reassignments
- No Contact Order
- Limitation on extracurricular or athletic activities

9. **Retaliation**

All individuals involved with a Sexual Misconduct investigation (investigators, coordinators, students, College personnel), are strictly prohibited from retaliating against anyone involved with the investigation. Accommodations and safety measures taken during the investigation do not qualify as retaliation because they are viewed as necessary to diminishing a hostile environment. Individuals found retaliating are considered in violation of the Code of Conduct and will be subject to disciplinary action up to and including expulsion.

10. **False Reporting**

Knowingly making false allegations of Sexual Misconduct or providing evidence with the knowledge that it is false is considered a violation of the Code and will subject the student to disciplinary action up to and including expulsion.

11. **Resources**

E. GRIEVANCE PROCESS FOR STUDENTS

Academic Grievance

An academic grievance is defined as a written statement, signed by the student, expressing a complaint, resentment, or accusation about an academic circumstance which is thought by the student to be unfair. Any academic grievance that initiates an investigation will have the outcome determined based off of the Preponderance of Evidence Rule, which indicates that the College personnel determining the outcome must be 51% positive that their decision is correct and justified.

A grievance shall not include any matter which would infringe upon the principles of academic freedom as exercised by the professional staff and faculty members. This includes the selection and presentation of classroom or laboratory subjects and the determination of grades in all college courses. A grievance shall also not include any matter of a criminal nature or any matter which is subject to the Student Code of Conduct, Discipline and Appeals Procedures.

1. The student should initially try to resolve the grievance within the instructional department, by first talking with the instructor and then the Dean.
2. The Dean or the student may wish to consult or seek assistance from an advisor or faculty member prior to discussing the grievance with the Vice President of Academic Affairs.
3. If the grievance cannot be resolved within the instructional division the student should talk with the Vice President of Academic Affairs. The Vice President of Academic Affairs, will try to resolve the grievance with assistance from other personnel as needed.

The decision of the Vice President of Academic Affairs will be final and ends the grievance process.

Non-Academic Grievance

A non-academic grievance is defined as a written statement, signed by the student, expressing a complaint, resentment, or accusation about a non-academic circumstance that is thought by the student to be unfair. Any non-academic grievance that initiates an investigation will have the outcome determined based off of the Preponderance of Evidence Rule.
Evidence Rule, which indicates that the College personnel determining the outcome must be 51% positive that their decision is correct and justified

A grievance shall not include selection or non-selection of participants on athletic teams, eviction from campus housing, (covered by the Student Code of Conduct, Discipline and Appeals Procedures) or parking violations, (covered by the Parking Appeals Process).

1. The student should try to resolve the problem at the point of conflict, with the appropriate person or office.
2. If the problem cannot be resolved at this level, the student should seek information and advice from the Dean of Student Life and Student Success, Dean of Enrollment Services, or the Dean of Advising and Academic Success.
3. If the concern is still not resolved the student may seek consultation with the Vice President of Student Services. The Vice President may seek input from other college administrators in resolving the problem.

The decision of the Vice President of Student Services is final and ends the grievance process.

DISCRIMINATION AND HARASSMENT COMPLAINT PROCEDURE
The Discrimination Complaint Procedure may be used by students who believe the College policies on equal opportunity in employment and education have been violated, resulting in discriminatory treatment on the basis of race, color, creed, religion, national or ethnic origin, ancestry, genetic information, physical or mental disability, age, sex, sexual orientation, gender identity or expression, pregnancy, marital status, veteran status, AIDS/HIV status, citizenship, or medical condition, as those terms are defined under applicable laws.

All discrimination complaints are considered to be serious and shall be dealt with promptly. No student shall be subjected to coercion or retaliation for filing a complaint or providing information related to a complaint. Complaints may also be directed to the Director of the Office for Civil Rights, U.S. Department of Education, Citigroup Center, 500 W. Madison, Suite 1475, Chicago, IL 60661, (312)-730-1560, OCR.Chicago@ed.gov.

Discrimination Complaints

Step 1:
The Reporting Party shall submit a written complaint within 15 school days of the day the Reporting Party became aware of, or should have become aware of, the discrimination issue through the reasonable exercise of diligence. In no instance may this be later than 180 days from the date of the alleged discriminatory treatment. Student complaints shall be submitted to the Dean of Student Life and Student Success. Students with disabilities shall submit complaints to the Dean of Advising and Academic Success. If the complaint is in regards to sex discrimination, the complaint will be forwarded to the Title IX Coordinator and dealt with under the Sexual Misconduct policy.

The Dean of Life and Student Success, Dean of Advising and Academic Success, or designee, may elect to meet with the Reporting Party and other college personnel to gather additional
information. The Dean of Student Life and Student Success, Dean of Advising and Academic Support, or designee, will issue a written response within ten (10) school days of receipt of the complaint.

**Step 2:**
If the Reporting Party is not satisfied with the response received in the first step, the written complaint shall be submitted to the Vice President, or designee, within five (5) school days from receipt of the response. The Vice President, or designee, may meet with the Reporting Party or any other parties deemed appropriate. A final written decision shall be issued within ten (10) school days from receipt of the complaint at Step 2.

**Time Limit:**
Time limits may be extended by written mutual agreement of the parties. If a Reporting Party fails to proceed to the next step within the prescribed time limits, the complaint shall be considered closed based upon the last response. If the administration fails to respond within the prescribed time limits, the Reporting Party may proceed to the next step.

**Harassment Complaints**

**Step 1:**
The Reporting Party shall inform the Dean of Student Life and Student Success, or designee, of the alleged harassment in writing, within 15 school days of the day the Reporting Party became aware of, or should have become aware of, the issue through the reasonable exercise of diligence. In no instance may this be later than 180 days from the date of the alleged harassment. As an exception, there is no time limit placed on making a complaint of Title IX sex or gender-based harassment or misconduct. However, Reporting Party is strongly encouraged to report instances of sexual harassment and misconduct as close to the date of occurrence as possible. The Dean of Student Life and Student Success, or designee, shall meet with the Reporting Party and any other parties deemed appropriate. The Dean of Student Life and Student Success, or designee, will review the complaint and issue a written response within ten (10) school days from receipt of the complaint.

**Step 2:**
If the Reporting Party is not satisfied with the response received in the first step, the written complaint shall be submitted to the Vice President, or designee, within five (5) school days from receipt of the response. The Vice President, or designee, may meet with the Reporting Party or any other parties deemed appropriate. A final written decision shall be issued within ten (10) school days from receipt of the complaint at Step 2.

**Time Limit**
Time limits may be extended by written mutual agreement of the parties. If a Reporting Party fails to proceed to the next step within the prescribed time limits, the complaint shall be considered closed based upon the last response. If the administration fails to respond within the prescribed time limits, the Reporting Party may proceed to the next step.

**Retaliation**
Iowa Western Community College seeks to foster an environment in which all students feel free to report incidents of harassment without fear of retaliation or reprisal. Therefore, IWCC also strictly prohibits retaliation against any individual for filing a complaint of harassment or for participating in a harassment investigation. Such conduct is illegal and constitutes a violation of this policy. All allegations of retaliation will be swiftly and thoroughly investigated. If the College determines that retaliation has occurred, it will take all reasonable steps within its power to stop such conduct. Individuals who engage in retaliatory conduct are subject to disciplinary action, up to and including termination or expulsion.

Any student who believes that he or she has been harassed or retaliated against in violation of this policy should immediately report such incidents to the Dean of Student Life and Student Success at (712) 325-3207.

E. DISCIPLINARY RECORDS

If disciplinary action is taken against a student under the procedures outlined above and a sanction is imposed, a record of the action will be kept by the Dean of Student Life and Student Success. Record of non-academic disciplinary sanctions will not, however, appear on the responsible student’s transcript, but a copy may be maintained in the student’s file.

Disciplinary actions are part of the education records of the student and consequently, are not available for public disclosure or discussion. The College will not disclose information outside the College relating to the student’s nonacademic disciplinary record, except as allowed by law or when prior written permission from the student has been received.
