

Welding Toolkit

Students in the Welding programs are required to have a toolkit for lab activities. This document provides a list of the minimum requirements. A welding toolkit may be purchased directly from the IWCC cashier. It is best to purchase it prior to the beginning of the semester to insure delivery in time for lab activities. If you currently own some tools of professional quality, you can purchase what you need to fill out your set.

- Supplies must consist of professional grade equipment and match the required list.
- Most residential insurance companies can provide a rider to the policy at a minimal cost to cover personal tools and toolboxes.

The cost of the preferred supplies is estimated to be \$550. If you have financial aid and expect a refund this semester, you may be able to apply the refund toward the purchase of your toolkit. To see if you have a refund coming to you, contact your College Success Advisor.

Toolkit Minimum Requirements

Welding Jacket
Welding Gloves: one pair of Mig/Stick and one pair of Tig gloves
Auto-darkening Helmet
Welpers Pliers
Angle Grinder w/Paddle Switch
Clear Lens Face Shield
Tape Measure
Chipping Hammer
Wire Brush
Safety Glasses
Shade 5 Safety Glasses
Torch Tip Cleaner
Flint Striker
Soapstone Holder
Equipment Holder

*It is necessary that students in the Welding program provide **safety boots and jeans** for use during lab assignments and activities. The **safety boots and jeans** must be purchased on your own as they are not available through IWCC.*
